Assembly Instructions

3

Assemble pole sections, ensuring that the bottom, middle, and top are the correct configuration.

2

Pull on string at back of system to remove pole sections from storage compartment within base.

1

Remove roll up from carry bag.

5

Holding graphic rail, pull graphic straight up, ensuring not to damage graphic.

4

Fully insert bottom of assembled pole into hole in base.

6

Hook slot of graphic rail (labelled 'insert'), over metal lip at top of pole. Adjust feet in underside of base if required. This completes the assembly.
