

DLPLUS Single Assembly Instructions

1

Remove your roll up and bungee pole from the carry bag.

2

Take the bungee pole and allow all three sections to slide together.

3

Insert bottom of the pole into the pole plug in base, ensuring it is fully located.

4

Firmly hold and pull graphic rail up towards moulding at the top of the bungee pole.

5

Align centre markings on graphic rail with moulding, angle rail to insert protruding edge of moulding into channel, and rotate back to vertical position to secure.
